

Instructions SELF-CHECK-IN

1

To check in, you will find a keypad to the left of the entrance door where you can enter your entry code.

2

First press the "power button" and then enter the code.

3

If you have entered the code correctly, a red dot lights up and you can open the door.

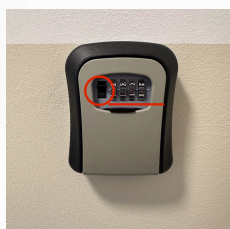

4

Then turn the door knob to the left to open the door.

5

Take the elevator to the floor on which your apartment is located.

6

There is a key box next to the door to your apartment. Enter the code and press the lever down.
